# FOREWORD

Undoubtedly it will not surprise any one to learn that this year's annual staff has selected the Newport News Shipbuilding and Dry Dock Company as its theme for the February '43 Anchor.

Two graduating classes previously have chosen the launchings of ships as the theme for their annual, but no class has ever used the shipyard itself. The importance of the local shipyard in this present war is so great that the staff voted unanimously to pay tribute to the N. N. S. & D. D. Co.

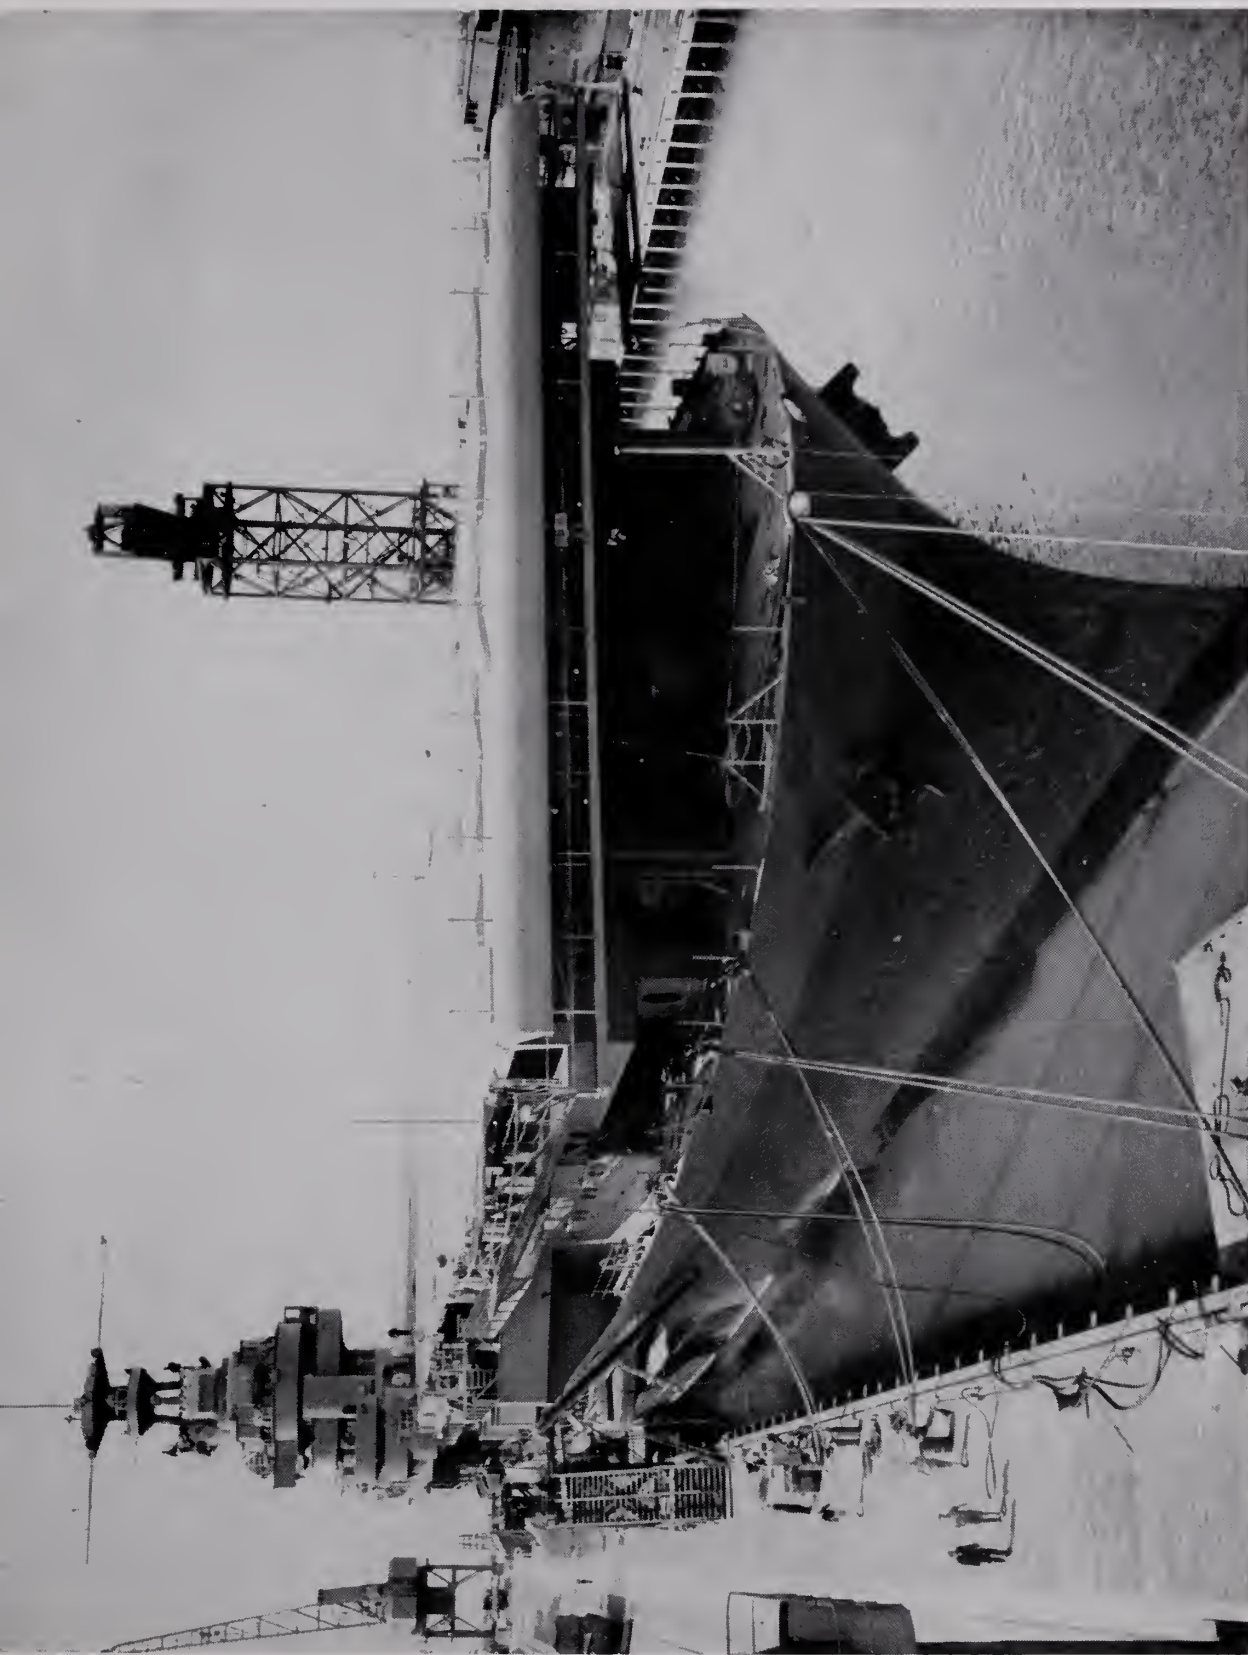

The outstanding part the local yard is portraying in the present world conflict can not be overlooked by anyone, especially the enemy. For when the United States entered the war the Newport News Shipbuilding and Dry Dock Company had built four of the seven aircraft carriers in the U. S. Navy—The Ranger, delivered to the Navy in 1934; Yorktown, delivered in 1937; Enterprise, delivered in 1938; and the Hornet in 1941. These four carriers have seen actual combat duty and have fought gallantly for the Stars and Stripes. The Yorktown went down courageously in the Battle of Midway, June 7, 1942. But it has been replaced in the line of duty by the Essex, just recently completed by the shipyard for the Navy. The unfinished Bon Homme Richard has been re-named the Yorktown to carry on the spirit and glory of that illustrious ship.

The shipyard is not only prominent in the building of carriers but has built several battleships, numbers of cruisers, destroyers, and troop transports and tank carriers. Destroyers played a vital part in the last war; but today, aircraft carriers are proving most important in the phase of duty.

Established in 1891, the Newport News Shipbuilding and Dry Dock Company has served its country through three wars—the Spanish-American War, World War I and now World War II. Until May 10, 1940, the shipyard was the second largest privately-owned industry of its kind in the world. On the above dates it became a corporation.

So it is with pride that we present this annual paying honor to the local shipyard.

SHE SHALL BE AVENGED! THIS IS THE ORIGINAL YORKTOWN WHICH WENT DOWN IN THE BATTLE OF MIDWAY.

# DEDICATION

In recognition of his fine work as instructor of English and Journalism; his capable ability to advise the publications of the Beacon and Anchor; his willingness to help us with our problems; his never ending patience; and his cooperative attitude toward school activities; we, the annual staff, would like to show our appreciation by dedicating the February '43 Anchor to

Mr. A. Holmes, Jr.

MR. A. HOLMES, JR.

# To The Members of the February Graduating Class of 1943

In these trying times, it is not too difficult to tell Members of the February Graduating Class a few important words that may help them in the months to come.

This class is leaving school during the greatest conflict in the history of the world. Who knows, but in six months many of you will be sent to various parts of the globe to fight for the same ideals for which our forefathers fought, and the Allied Nations are fighting to preserve. Most of you boys, and a few girls' will be entering the armed services of the United States. If so, I do wish you will remember this fine motto:

"When the One Great Scorer comes to write against your name, he writes not that you won or lost, but how you played the game."

With this motto in mind, Members of the February Graduating Class, remember this world conflict is the greatest contest that has ever been fought on any field. It will be necessary at all times for you to play that game hard, remain physically fit, and sacrifice all you can to help our boys bring back victory and an everlasting democracy for the world of tomorrow.

I am sure that students of this class will present themselves to the world, giving all they have, asking no odd. A Newport News boy or girl has never had to withdraw because of lack of courage whether it be an easy or a hard task. Now it is time to prove to the world that there are many boys and girls among you who will be capable leaders in this world conflict.

There may be others of you who will go to work in the various defense industries, especially the local shipyard. If you do, work hard, and steadfastly. Remember that a fellow member of your class is out on the battlefield, or upon the ocean waiting for the tools you are turning out to beat the Axis Nations.

Students, you are ready because of the fine training you have received here at Newport News High School.

Good bye, good luck, and may God bless you.

—JULIUS CONN

MR. JULIUS CONN—CLASS SPONSOR

# Honorary Dedication

☆ ☆ ☆

The February 1943 graduating class proudly pays tribute to the many graduates of Newport News High School who have answered the call to the colors, either to the army or navy. Despite the fact that some of these boys realize that they may not return, they have gone with high spirits and full of aspiration that they may keep America free for the American people.

Many of our boys have given up their basic education to join the armed forces as the war is affecting a much younger group of people today than ever before. But they know that only through sacrifice and tragedy can this war be won. The former students of Newport News High School, along with other young American boys, must fight the enemy with vengeance in their hearts in order to secure freedom.

Therefore, we salute you. We are truly proud that you are willing and able to serve your country. We, too, may soon be fighting so that other American boys and girls may enjoy the thrilling experience of graduating in a democracy as we have. Our hearts, our spirits, and our soul rides with you in every battle.

## CLASS SONG

As we sing together our hearts are with you,  
We'll not forget the Gold and Blue;  
We will remember all our happy days  
In classroom and study and in play.  
Though we leave dear Newport while war clouds  
are gray,  
Our country needs us right away.  
We sing our praise for the happy days  
At our Old High.

# LAST WILL AND TESTAMENT OF THE CLASS OF FEBRUARY

☆ ☆ ☆

We, the February graduating class of 1943, who have done our best for our Alma Mater during our four short years here, do hereby declare this statement as our last will and testament:

FIRST: To our principal, Mr. Lamar R. Stonley, we leave our sincere gratitude for his never-ceasing aid in guiding us through these four years at N. N. H. S.

SECOND: To Mr. Halmes, we leave the worries caused by an Annual staff, with the hopes that the June stuff won't be as great a trial to him as we have been.

THIRD: To the student body we joyfully bequeath our love for the Gold and Blue with the hope that they will continue carrying on all the activities.

FOURTH: To the four-law class we leave our robes, knowing that they will wear them with the same honor and dignity as we.

FIFTH: The members of the Senior class make the following individual bequests:

## ARTICLE I

Larry Sanford's athletic skill to Edward Alexander.

## ARTICLE II

Bette Jonik's "oomph" to Gwen Ackiss.

# GRADUATING TYPHOONEERS

## GRAYSON WILLIAMS

The Newport News High School Typhoon Squad will lose one of its most valuable players when Quarterback Grayson Williams graduates. He is credited with three years' service on the Varsity, and is a three-year letterman. His pleasing personality and cheerful disposition are familiar to everyone of the players on the team. He is 5 feet 11 inches tall and weighs 175 pounds.

## LOUIS ANDREW TYREE

Playing at the Halfback position, L. A. Tyree finished his third year on the Typhoon Football Squad at the Thanksgiving game against Hompton. L. A. is a three-year letterman. Standing 5 feet 8 inches, he tips the scales at 160 pounds. Hazel eyes, blond hair, and a wonderful personality characterize this Typhooneer.

## LARRY SANFORD

Playing as Left End on the team, Larry has won recognition as an outstanding player from the many Typhoon admirers. He has spent two years on the Varsity and during this time he has earned two letters. All admire Larry's friendliness and the lanky blond is welcomed wherever he goes. He is 6 feet tall and weighs 170 pounds.

## DEWEY STINSON

After serving two years on the Varsity, Dewey Stinson bids farewell to the Typhoon Squad. He successfully held down the position of guard. Blond haired, and blue eyed, he stands 5 feet 9 inches tall and weighs 150 pounds. For his faithful work on the team, he has earned two letters.

## ENNIS REES

A six footer, Ennis (Pete) Rees played tackle on the gridiron for the Gold and Blue. He has been on the Varsity for three years and is a two-year letterman. His weight is recorded as being 176 pounds. His personality and friendliness are felt throughout the student body of which he is the vice-president.

## WARREN D'BENE

After serving two years on the Varsity, "Yock" has done very well by obtaining two letters. His height, 5 feet and 11 inches, and his weight 200 pounds, aided "Yock" in holding down the position of tackle very competently.

## WALTER LASSITER

A one-year letterman, "Boo" has served two years on the Varsity. He is well known and liked. He weighs 170 pounds and is 5 feet 10 inches tall. For his Almo Moter, he has done a good job—that of holding down the position of tackle on the reserve team.

## GEORGE FOWLER

Dickey Fowler has been on the Varsity for two years and is a one-year letterman. He stands 5 feet 11 inches and weighs 175 pounds. He has blond hair and also did well in holding his position as reserve tackle.

# FACTS ABOUT OUR COACHES

## JULIUS CONN

Athletic Director of the Newport News High School is "ole faithful"—"Julie" Conn. Besides coaching basketball and track, he handles all athletic bookkeeping and game scheduling and is in charge of the collection of the activities fund which he distributes, in large sums, from a budget, to the various activities. He did graduate work in physical education in New York University, and has attended several coaching schools during the summers. Coming to Newport News High School after his graduation from the University of Virginia in 1926, this is his seventeenth year as basketball coach. Since that date, his teams have won three State Championships in basketball—in 1931, 1938 and in 1942. Mr. Conn became Athletic Director and track coach in September, 1931. His record in this field speaks for his coaching: his Gold and Blue cinder teams have won the State Championship the past five years straight.

## HARRY HARMON

Coch Harry Harmon directed the Typhoon football campaign his second year as head football coach. Mr. Harmon came to Newport News from Savanah High School where he directed athletics for several years. While in college, Coach Harmon played football at Furman University. In 1930, he made honorable mention on the All-American Football Team. Whether they won or whether they lost, the Typhooners have always expressed faith and confidence in their coach.

## LOU PLUMMER

Coch Louis Plummer, an alumnus of William and Mary College, is in his first year as assistant coach in the Newport News High School. But he is not a newcomer to Tidewater athletic coaching. For a number of years he was head athletic coach at the George Wythe Junior High School before coming to the Gold and Blue School. He gained much popularity with the student body as well as with the athletes during his first semester here, and the school looks forward to his continued fine coaching.

The Above are members of the starting line-up of the Newport News High School Football Team. L. A. Tyree and W. J. Ross have previously played on the First Team, but this season, due to injuries, they were unable to participate in the starting Line-up for the games.
